Please review second page.

OUTSTANDING ACHIEVEMENT AWARD FOR CONTINUING EDUCATION

Criteria for Selection

The Continuing Education Outstanding Achievement Award for TASN members is designed to recognize one individual per chapter for achievement in the area of Continuing Education. Employees who consistently work toward self-improvement through educational opportunities are an asset to food and nutrition programs. Completion of a goal such as technical, vocational or professional programs, a college degree, reaching a Level of TASN Certification, or earning a GED deserves recognition by one's peers.

Steps in Selection Process:

TASN Members from each school site within a school district select, by secret ballot, one TASN Member, as a nominee to receive the honor and represent their school in the chapter competition. The name must be submitted on the application form to the Chapter President.

The Chapter President then gives the application to a committee, consisting of office personnel outside of the school food service department. This committee will select from all applicants submitted, and one person will be selected.

The Chapter President completes the proper form nominating the person selected by the outside committee and submits to the TASN Headquarters by **February 15, 2024. Entries received after that date will not be considered.**

Award winners will be recognized at the Annual Conference.

To qualify for this award, submit to TASN Headquarters
by: February 15, 2024.
